The future in waxflower

Waxflower

Morning Delight

Chamelaucium uncinatum

PBR

The earliest flowering waxflower available

- Morning Delight is a rounded shrub with medium-sized waxy flowers.
- Masses of buds form in mid autumn, followed by white flowers in winter.
- Popular as a landscaping variety and for cut flower production.
- It attracts native birds and pollinators.
- Will tolerate a range of free-draining soils, and thrives in full sun or semi-shade.

KINGS PARK & Botanic Garden
